Christine,

In the attached April 9 letter, Sun requests that NetApp agree to "a stay of this action" with respect to the '292, '211, and '001 patents, but does not explain the parameters of the proposed stay. So that we fully understand Sun's proposal, please let know how Sun intends to define the parameters of the stay it seeks (e.g., for some fixed period of time, until some specified event occurs, or some other formulation). If you can provide us with this information by Monday morning, we can assure you of a definitive response to the proposal by close of business on Tuesday.

Thank you.

Best regards,

Jeff
